8 days to NYC

At this time in 8 days i'm in New York. I'm really looking forward to a week of vaction. This will be a real vaction. I won't take my notebook with me (at least i hope i will not take with me) My business telephone will stay in Hamburg (that's easy). I'm eager at reading my travel guide at the moment (besides writing an architecture paper for a death march project). I'm sure this will be 7 cool days in NYC.

PS: Two non-touristic things are on my list at least ... going to the Apple Store and watching Wall-E ... it's just to long for me to wait until it's premiere in germany

I will be back with many new stories for the blog and even more photos. Thus there will be some compensation for my 7 day absence from the keyboard
