An established brand

You know, that a brand is well established in the marked, when the approx. 3-4 year old boy on the lap of his mother on the adjacent seat says: "The man has an iPhone". At least i think the boy mumbled something like that ...

Posted by Joerg Moellenkamp in iPhone at 16:06

I've had a similar experience - my daughter picked up the word "iPod" before she was two without any prompting from Mom and Dad... cute, yet scary.
